1990Trainee Enginner
F R Kelley & Associates

Mr March began his employment as a Trainee Engineer in January 1990 in the Newcastle office, continuing in November of that year as a Graduate Engineer. Following the 1989 Newcastle earthquake, Mr March was heavily involved with earthquake damage assessment inspections of domestic structures through to commercial buildings and complexes. Mr March's prime responsibility was for structural work, with projects ranging from house slabs to large scale industrial buildings, motel complexes, educational and sporting facilities.
